Meiji Illuminated Zoom Stereo Microscope EMZ-5 (220V)

Price: \$2,050.00

Product Description :

The microscope offers parfocal 7x-45x zoom magnification with dual-sided zoom controls and provides a 32mm-5.1mm field of view. The fully adjustable head is inclined 45°, can rotate 360°, and includes interpupillary adjustment of 54mm-75mm. The total working distance is 93mm. There are dual 10x eyepieces that are +/- 5 diopters for convenient individual eye focusing. Like all Meiji microscopes, the EMZ5-PBH is protected by a limited lifetime warranty and comes in 220V.
